

### **Position Title**

Food Recovery Driver, ExtraFood.org (Part-time)

### **Organization**

40% of all food is wasted in the U.S. And, food waste creates an enormous environmental problem: if global food waste were a country, it would rank 3<sup>rd</sup> in greenhouse gas emissions after the U.S and China. Yet 1 in 5 people in Marin County worry about where their next meal will come from.

ExtraFood's mission is to help end hunger and wasted food in Marin. Our first step is our county-wide food recovery program: we pick up excess fresh food from Marin's businesses and schools and immediately deliver the food to safety net partners – such as senior housing centers, homeless shelters & after-school programs – serving Marin's most vulnerable children, adults and families.

In 5+ years, ExtraFood's staff and volunteers have organized, rescued, and delivered 3,000,000 pounds of food from 225 donors to 122 sites throughout the county. ExtraFood, winner of the 2017 Heart of Marin Achievement in Nonprofit Excellence Award, reaches more than 8,000 people every month with healthy, fresh food.
