

Licensed Clinician II

Alameda Del Prado, Novato, CA, US

For 50 years, Buckelew Programs has been committed to the mission of providing mental health and addiction services that promote recovery, resilience and hope. The agency provides numerous essential community services throughout Marin, Sonoma and Napa counties ranging from supported housing and job training for people with mental illness to outpatient psychotherapy and other support for children, adults and families, as well as residential detoxification services, and a regional suicide prevention program and crisis hotline.

The **Licensed Clinician II** reports to program management and is responsible for supporting the program in the planning and implementation of clinical duties. Consistently supports the mission and objectives of Buckelew Programs by maintaining the privacy and confidentiality of information, protecting the assets of the organization, acting with ethics and integrity, and adhering to applicable federal, state and local laws and regulations.

ESSENTIAL FUNCTIONS:

1. Provide assessments services for clients such as annual mental status exams at client locations working with program management and case managers.
2. Review Medi-Cal documentation progress notes and support in development in client plans.
3. Quarterly internal reviews for continued quality improvement and compliance with progress notes.
4. Clinical training for new and current staff primarily focused on documentation competency and evidence based practices with support of each program.
5. Participate in team meetings and other program meetings as requested by program management. Meet regularly with Program Directors.
6. Other tasks as assigned by program management.

QUALIFICATIONS:

Education and Experience: Must be a Licensed MFT, LCSW, or equivalent. Education and experience consistent with establishing and maintaining active licensure, with two years licensed experience strongly preferred. Preferred experience in residential and supportive housing programs. Experience with assessments, evidence based practices, treatment modalities, and trauma informed practices. Preferred experiences in following areas: CBT, CBTp, DBT, MI, Seeking Safety, Crisis planning, and WRAP. Experience in clinical and psychoeducational training.

Personal: Must be fluent in English; bilingual preferred. Ability to work independently, well organized, dependable, with an interest in working with adults diagnosed and meeting criteria for a serious mental illness (SMI). Must have a valid California driver's license with an insurance

driving record and personal automobile for use on the job (mileage reimbursement provided monthly). Must be able to clear a live scan background check through the DOJ.

Physical Requirements: Capable of the following intermittent activities: stretching, bending, kneeling, twisting, squatting, reaching above and below the shoulder, pushing, pulling, grasping and lifting up to 20 pounds. Capable of the following extended activities: driving, writing, standing and sitting.
